FOR IMMEDIATE RELEASE

Summer Infant™ Teams Up with ABC's *Extreme Makeover: Home Edition*

Product Donated to Help Make Life a Little Better for the Novak Family

North Smithfield, RI (December 5, 2005) – The people at ABC's *Extreme Makeover: Home Edition* sure know how to build a house in just seven days! Summer Infant™ is proud to have been included in their efforts to make a dream home for the Novak's. Through the use of safety proofing devices and other products meant just for baby, Summer Infant outfitted ABC's latest creation, which aired on Sunday, with what was needed to make life easier for this wonderful father of three daughters.

"Having to overcome the loss of a wife and mother, we were more than happy to provide products that make the home safer and more secure for this special dad's three children," states Jason Macari, President and CEO of Summer Infant. "Babies and children are what we are all about, and any cause directly related to making their lives better is how we better ourselves as a company."

Featured on the show are the following products:

Soothing Spa and Shower Baby Bath – This product is *the* ultimate bathing experience and takes the stress out of bath time. The Victorian style claw foot tub design means pure luxury for little baby Presley. The tub provides a battery-operated spa effect to create swirling waters and soothing bubbles to calm both dad and baby. A comfortable bath sling and lavender scented baby wash provide for total relaxation, and a gentle spray shower makes it easier for dad to rinse baby clean! So while Presley's big sisters Zoey and Harley get to enjoy their own whirlpool tub, baby has her very own!

Sure and Secure™ Extra Tall Top-of-Stairs Gate with Alarm - Children are fascinated with stairs, yet still don't understand the effects of gravity! This product was born from several needs. The first is to protect children on stairs, the second is to dissuade them from climbing over standard height gates, the third for when they learn to open the gate themselves, and lastly, for when someone has unintentionally left the gate open or ajar. The first two needs were addressed by increasing the gate height. For the last two needs Summer installed an audible alarm that sounds if the gate is either tampered with or not completely closed. The alarm can be easily de-activated or overridden by dad as well. With this hardware mounted gate in place, this dad will know the kids are safely protected while enjoying the second floor of their new home!

Sure and Secure™ Extra Tall Walk-Thru Gate - Summer raised the bar on this one – literally! They added height to make this gate even safer. From parents trying to step over standard gates and falling, to kids climbing over them, to making it next to impossible for Rover to jump it like a hurdle, this gate securely mounts via pressure and stands at an impressive 36" tall when installed. Includes all of the standards you would expect, such as an automatic door swing and lock, extra extensions, and simple one-handed operation to make passage easy for dad.

Safety Line – Kitchens (especially brand new ones!) and electrical outlets attract children like magnets. It is important to baby-proof many areas of the home accordingly. In addition to the gates provided, Summer Infant made sure ABC had enough product to adequately secure any potentially dangerous areas in the home. Dad has enough to worry about, without the added concern of whether or not baby is getting into a cabinet she shouldn't be in, or accessing an electrical outlet. Summer Infant's safety line is specifically designed to keep children safe, yet easily removable by dad.

Thanks again to ABC's *Extreme Makeover: Home Edition* for making a new home a reality for the Novak's and for allowing Summer Infant a chance to participate in this extraordinary show.

About Summer Infant, Inc.

Summer Infant, Inc. is a premium supplier of juvenile products for today's parents and caregivers. The Company is based on the philosophy that innovation is a key attribute in driving new product development. Their commitment of "Delivering the Best for You and Your Baby" is unwavering. Accordingly, Summer Infant has introduced new products in categories such as bouncers, gates, bathing, safety, monitors, infant health, bedrails and more that exceed consumer's standards.
