Thank you for purchasing the By Your Bed Sleeper by Summer Infant. This sleeper offers a safe, comfortable way for baby to sleep next to you. With height adjust, adjustable incline, and rocking, this product is comfortable and soothing for baby and convenient for mom!
WARNING: IMPORTANT! KEEP FOR FUTURE REFERENCE!

WARNING: Failure to follow these warnings and the instructions could result in serious injury or death. Do not use this sleeper if you cannot exactly follow the accompanying instructions. Adult assembly required. Exercise care when unpacking and assembling product.

FALL HAZARD– To prevent falls, stop using product when the infant: begins to roll over, begins to push up on hands and knees, can pull up on sides (approximately 5 months). Do not use this for a child who can roll over or who has reached the manufacturer’s recommended weight limit. (up to 17.5 lbs)

SUFFOCATION HAZARD – Infants have suffocated:
• In gaps between an extra pad and side of the sleeper
• On soft bedding, added pillows, blankets and extra padding.
NEVER add a sheet, mattress, pillow, comforter, padding, or any soft material in this product. Use ONLY the pad provided by Summer Infant. NEVER place extra padding under or beside infant.

• ALWAYS use restraint system
• ALWAYS keep product away from hazards that may injure your child
• DO NOT place sleeper near blind or curtain cords, any other cords, straps or similar items that could become wrapped around child’s neck.
• To reduce the risk of SIDS, pediatricians recommend healthy infants be placed on their backs to sleep, unless otherwise advised by your physician.
• ALWAYS place child on back to sleep.
• NEVER adjust height, incline, move, lift or transport sleeper while child is in it. NEVER use near stairs.
• NEVER leave child unattended.
• NEVER place unit on an elevated surface.
• DO NOT let other children play unattended near the sleeper.
• ALWAYS ensure the basket is secure to base.
• Do not substitute parts. Contact the manufacturer if replacement parts or additional instructions are needed.
• Caregivers must ensure that the sleeper is safe by checking regularly, before placing the child in it, that every part is properly and securely in place.
• Be aware of the risk of open fire and other source of strong heat, such as electric bar fires, gas fires, etc., in the near vicinity of the sleeper.
• Strings can cause strangulation! Do not place items with a string around a child’s neck, such as hood strings or pacifier cords. Do not suspend strings over product or attach strings to toys.

BATTERY WARNING:
• Do not mix old and new batteries.
• Do not mix alkaline, standard, or rechargeable batteries.
• Remove batteries when product is stored for long periods of time or when batteries are exhausted.
• Dispose of exhausted batteries according to instructions.
• Do not recharge non-rechargeable batteries.
• Batteries are to be inserted with correct polarity.
• CAUTION: Risk of explosion if battery is replaced by an incorrect type.
• Keep all batteries away from children.

components:

A Left and Right Uprights
B Left and Right Feet
C Crossbar
D Basket
E Sound and Vibration Unit
F Hard Plastic Insert
G Soft Pad Insert

To prevent Sleeper from rocking, press the Rock Lockout button.
harness pad:

Place baby in harness, click harness buckle to secure baby and pull straps to adjust fit

removing seat pad:

Lift the seat pad out of Sleeper. Pull the child restraints and the crotch pad through the slots in the fabric.

maintenance:

Periodically check that all screws on the product and battery compartment are tight. Do not use product if any components are damaged or broken. Remove batteries before any long storage periods.
cleaning:

- Frame: Wipe clean periodically with a mixture of mild detergent/soap and water using damp cloth. Pat dry with towel and then let air dry.

IMPORTANT:
- Sleeper pad: During regular use, the pad may become damp or soiled. Periodically remove pad to air-out and prevent moisture buildup. It is recommended to machine wash once a week or as pad becomes soiled. Use non-chlorine bleach only if needed. Tumble dry, low heat.
- Plastic insert: Moisture buildup may lead to mildew. Inspect inside pocket for signs of mildew. To clean, make sure you are in a well-ventilated room. Mix 1 gallon (about 4 liters) of water with 1 ½ cups (0.35 liters) of chlorine bleach. Apply mixture to a sponge and wipe the inside of the pocket clean as needed. After cleaning with the bleach and water solution, wash again with mixture of mild detergent and water. Rinse thoroughly with clean water, pat dry with towel.

CAUTION!
- Never use product without pad insert
- Never use product without hard plastic insert.
- Always wear gloves and protective eyewear and clothing when cleaning with bleach.
- Never mix bleach with ammonia or any other household chemicals/cleaners.
- Use of bleach solution may result in some fabric color loss.

To clean the tethered plastic insert, open the zipper on the bottom of the sleeper, reach into pocket and wipe top and bottom of insert.
