Camera Set Up & Use:

Table Top or Wall Mounting:
Determine a location for the CAMERA that will provide the best view of your baby in his crib. Place the CAMERA on a flat surface, such as a dresser, bureau, or shelf (Figure A). Or mount the CAMERA on a wall (Figure B). NEVER place camera or cords within 3 feet of the crib. Secure the cord to the wall using the 6 Security Clips included to keep cord away from baby’s reach. Be sure to test reception and CAMERA positioning before mounting to a wall (see “Testing Your Initial Set Up” section).

Add Camera:
Step 1: To enter the Feature Control Menu, press ( ) on bottom right hand corner of screen
Step 2: Press the camera icon ( ) to enter the Camera Menu
Step 3: Press the ( ) arrow to highlight +
Step 4: Press ( ) “SELECT” to enter +
Step 5: The next available camera will automatically be selected (2, 3, 4)
Step 6: Press ( ) “SELECT” and syncing animation between receiver and camera will begin.
Step 7: Within 20-seconds, press the CODE button on the back of the camera. Once synced, live video will appear. If this is unsuccessful, you should repeat steps above making sure the monitor and camera are close enough to each other for syncing.
